

Today at Children's Church!

Today at Children's church we talked about gratitude and what it means to be thankful! In our story today from Luke 17:11-19, Jesus heals ten people who had leprosy, which is a disease that affects the skin. Even though all ten were healed, only one person came back to thank Jesus for healing him.

It is easy for us to do the same thing: how often does God give us something and we don't take the time to thank Him for what He has done for us. Maybe we got busy or maybe we were so excited that we simply forgot. It can be an easy thing to do. But the truth is: God has blessed each one of us in so many ways, and now we get to thank Him for that! What a gift!

So here is what we know today:

It can be so easy to forget to thank God for all He does for us each day. But it is important, and it is a great thing! Let's thank God for what He has done.

Table Talk: Throughout the week, ask your child these questions to get faith conversations rolling at home!

1. What was one thing you learned at Children's Church this week?
2. What is one thing you are thankful for in your life?

Weekly Challenge: This week, I encourage you to read Luke 17:11-19 together. Talk about what it means to be grateful – share with each other the things you are grateful for, and what God has given you. Then pray together, thanking God for all He has done for you.
